

CyberPower

CARBON™ RACK HARDWARE

CRA60004

Provide extra stability for standalone rack enclosures to prevent tipping.

The CyberPower CRA60004 stabilizing kit provides an extra layer of stability for standalone rack enclosures. The front stabilizer brace is flush with the floor to help prevent tipping. Bolt the rack to floor for added security (bolts not included). The kit includes an anti-tip stabilizer plate, and installation hardware. The CRA60004 kit is covered by a 5-year limited warranty.

FEATURES

- Type: Anti-tip stabilizer kit
- Material: Cold rolled steel with black finish
- Warranty: 5 years
