

CSHT1208TNC2 Home Theater Surge Protector

Offering vital surge protection for your home theater equipment from damaging electrical surges.

The CyberPower Home Theater Series CSHT1208TNC2 Surge Protector is ideal for home entertainment and Home Office protection with 3150 joules, 12 outlets, and an 8 ft. cord. The surge protector provides protection for HDTVs, cable/satellite receivers, personal computers, cable modems, phones/fax/DSL, printers, stereos, and CD/DVD players.

The CSHT1208TNC2 features twelve (12) outlets with four (4) widely spaced outlets, MOV technology to guard the surge protector and connected electronics against line abnormalities and lightning surges, while EMI/RFI filters block unwanted line noise. Data line protection is provided for networking and telecommunication devices.

A Limited Lifetime Warranty ensures that this surge protector has passed our highest quality standards in design, assembly, material or workmanship and further protection is offered by a \$ 500,000 Connected Equipment Guarantee.

Typical Applications

- HDTVs
- Cable/Satellite Receivers
- Desktop Computers
- Personal Electronics

Features

- 12 Surge Protected Outlets
- 3150 Joules of Surge Protection
- DSL / Phone / Fax Protection - RJ11
- Network Device Protection - RJ45
- Cable / Satellite Protection - RG6
- 15A Circuit Breaker
- 8 ft. Cord
- EMI/RFI Noise Filters
- Lifetime Warranty
